Why Orangutan Chess?

Embracing orangutan chess offers numerous benefits for aspiring and seasoned chess players alike:

Exploring the Games

The book delves into a diverse array of orangutan openings, each accompanied by insightful commentary from renowned chess analysts. Here are a few highlights:

- **Orangutan Attack (1. b3 or 1. c3):** This bold opening defies conventional wisdom by immediately advancing a flank pawn, inviting the opponent to an early and aggressive battle.
- **Orangutan Flip (1. Nf3 b6 2. Bg5):** This eccentric opening mimics the orangutan's habit of hanging upside down by starting with the unorthodox move of fianchettoing the bishop at a91.
- **Orangutan Gambit (1. d4 Nf6 2. Bg5 h6 3. Bh4):** This gambit is a testament to the orangutan's unwavering spirit, sacrificing a pawn in exchange for rapid development and an attack on the kingside.
