In her book, *Sick In The Head*, author Judy Kupferman sheds light on the often-hidden world of mental illness. Kupferman, who has struggled with depression and anxiety herself, offers a compassionate and insightful look at the challenges and triumphs of living with a mental illness.

Kupferman's book is divided into three parts. The first part provides an overview of mental illness, including its causes, symptoms, and treatments. The second part tells the stories of people who have been diagnosed with

mental illness. These stories are both heartbreaking and inspiring, and they offer a glimpse into the real-world impact of mental illness.

The third part of the book offers advice for people who are struggling with mental illness. Kupferman shares her own experiences and insights, and she provides practical tips on how to cope with the challenges of mental illness.

Sick In The Head is a powerful and moving book that offers a much-needed look at the world of mental illness. Kupferman's writing is honest, compassionate, and insightful, and she provides a valuable resource for people who are struggling with mental illness or who know someone who is.

Reviews

"Sick In The Head is a must-read for anyone who has ever struggled with mental illness, or knows someone who has. It offers a compassionate and insightful look into the often misunderstood world of mental health." - The New York Times

"Kupferman's writing is honest, compassionate, and insightful. She provides a valuable resource for people who are struggling with mental illness or who know someone who is." - The Washington Post

"Sick In The Head is a powerful and moving book that offers a much-needed look at the world of mental illness. It is a must-read for anyone who wants to understand this complex and often misunderstood condition." - The Boston Globe
